Demonstration. Built from synthetic data.

Is the business making money, and where?

Selling more, but not making money.

Sales are +24% on the same months a year earlier. Airport loses money once its costs are counted. Family Platter is among the best sellers and keeps almost nothing.

SAR 4.98m
sales in 12 months

SAR -395k
operating profit, after head office

5
problems to act on now, of 24 checks

Decisions needed

	DECISION	WHO	BY WHEN
1	Decide the future of Airport: a lower rent, lower costs, or closing	Owner	This quarter
2	Reprice or rework Family Platter	Operations manager	This month
3	Win back the guests lost since the mains price rise	Marketing	This month
4	Move spend from Snapchat to Instagram	Marketing	Next month

The evidence is in the report; each action has an owner in the action tracker; the dashboard tests a new branch or a price change.
